5	Fill other fields with valid data and submit the form	The form is not submitted, user is not created	

ID	Title
----	-------

C011 Check valid email

#	Steps	Expected result	Test Data and comments
1	Open the website	The "Login" page is displayed	
2	Click the "Sign Up" link	The "Sign Up" page is displayed	
3	Fill the 'Email' field with the valid email	<ul style="list-style-type: none"> Entered data is displayed in the 'Email' field no errors are displayed 	
4	Fill other fields with valid data and submit the form	The form is submitted with no errors	

ID	Title
----	-------

C012 Check invalid email			
#	Steps	Expected result	Test Data and comments
1	Open the website	The "Login" page is displayed	
2	Click the "Sign Up" link	The "Sign Up" page is displayed	
3	Fill the 'Email' field with the invalid email	<ul style="list-style-type: none"> Entered data is displayed in the 'Email' field the field is highlighted in red 'Entered email is in wrong format. Recheck the email' error is displayed under the field 	&@test.com te s@test.com @test.com testtest.com Test@test te@te@test.co m test@test. test@test.c
4	Fill other fields with valid data and submit the form	The form is not submitted, user is not created	

ID	Title
----	-------

C013 Check registered email			
#	Preconditions		
1	There is at least one existing user in the system		
#	Steps	Expected result	Test Data and comments
1	Open the website	The "Login" page is displayed	
2	Click the "Sign Up" link	The "Sign Up" page is displayed	
3	Fill the 'Email' field with the email of the user from preconditions	<ul style="list-style-type: none"> Entered data is displayed in the 'Email' field the field is highlighted in red 'Entered email already exists in the system.' error is displayed under the field 	
4	Fill other fields with valid data and submit the form	The form is not submitted, user is not created	

ID	Title
----	-------

C014 Check valid First name			
#	Steps	Expected result	Test Data and comments
1	Open the website	The "Login" page is displayed	
2	Click the "Sign Up" link	The "Sign Up" page is displayed	
3	Fill the 'First name' field with the data according to the rules	<ul style="list-style-type: none"> Entered data is displayed in the field no errors are displayed 	rules: >= 1 alphanumeric character <=60 characters

4	Fill other fields with valid data and submit the form	The form is submitted with no errors	
---	---	--------------------------------------	--

ID	Title
----	-------

C015 Check First name with spaces only

#	Steps	Expected result	Test Data and comments
1	Open the website	The "Login" page is displayed	
2	Click the "Sign Up" link	The "Sign Up" page is displayed	
3	Fill the 'First name' field with spaces only	<ul style="list-style-type: none"> Entered data is displayed in the field the field is highlighted in red 'This field must not be empty' error is displayed under the field 	
4	Fill other fields with valid data and submit the form	The form is not submitted, user is not created	

ID	Title
----	-------

C016 Check First name length over maximum characters limit

#	Steps	Expected result	Test Data and comments
1	Open the website	The "Login" page is displayed	
2	Click the "Sign Up" link	The "Sign Up" page is displayed	
3	Fill the 'First name' field with more than 60 characters	<ul style="list-style-type: none"> Entered data is displayed in the field the field is highlighted in red 'Maximum number of accepted characters is 60' error is displayed under the field 	
4	Fill other fields with valid data and submit the form	The form is not submitted, user is not created	

ID	Title
----	-------

C017 Check valid Last name

#	Steps	Expected result	Test Data and comments
1	Open the website	The "Login" page is displayed	
2	Click the "Sign Up" link	The "Sign Up" page is displayed	
3	Fill the 'Last name' field with the data according to the rules	<ul style="list-style-type: none"> Entered data is displayed in the field no errors are displayed 	rules: >= 1 alphanumeric character <=80 characters

4	Fill other fields with valid data and submit the form	The form is submitted with no errors	
---	---	--------------------------------------	--

ID	Title		
C018	Check Last name with spaces only		
#	Steps	Expected result	Test Data and comments
1	Open the website	The "Login" page is displayed	
2	Click the "Sign Up" link	The "Sign Up" page is displayed	
3	Fill the 'Last name' field with spaces only	<ul style="list-style-type: none"> Entered data is displayed in the field the field is highlighted in red 'This field must not be empty' error is displayed under the field 	
4	Fill other fields with valid data and submit the form	The form is not submitted, user is not created	

ID	Title		
C019	Check Last name length over maximum characters limit		
#	Steps	Expected result	Test Data and comments
1	Open the website	The "Login" page is displayed	
2	Click the "Sign Up" link	The "Sign Up" page is displayed	
3	Fill the 'Last name' field with more than 80 characters	<ul style="list-style-type: none"> Entered data is displayed in the field the field is highlighted in red 'Maximum number of accepted characters is 80' error is displayed under the field 	
4	Fill other fields with valid data and submit the form	The form is not submitted, user is not created	

ID	Title		
C020	Select security question		
#	Steps	Expected result	Test Data and comments
1	Open the website	The "Login" page is displayed
